Cybersoft Academy

SKILLS

- HTML, CSS, Javascript
- React, Next.js
- Sass/SCSS, Bootstrap, React Bootstrap, MUI, Tailwindcss, Shadcn/ui, Radix
- Flutter, Dart
- Git
- Figma

ABOUT ME

I'm focused on turning ideas into practical software, doing my best work when collaborating closely with founders, designers, and developers.

EXPERIENCE

Senior Software Developer 2022.03 - Current
Simpson Strong-tie Vietnam

- Designed, developed, and maintained 10+ high-performance web applications for internal and U.S. clients. Utilizing React.js, Angular, Redux, and other technologies to deliver seamless user experiences.
- Led the development of the Blueprint project series (8+ applications), a web application allowing users to access real-time product specifications via dynamic input data (e.g., [app.strongtie.com/fd](#)).
- Partnered closely with cross-functional teams (5+ members), including Business Analysts, QA/QC, Software Engineers, and Back-End Developers to translate complex requirements into actionable tasks, streamline sprint planning, and deliver 100% of project milestones ahead of deadlines.
- Championed Agile/Scrum practices to optimize development workflows, reviewed 50+ pull requests, and resolved 20+ critical bugs, reducing production issues and ensuring on-time delivery for all sprints.

Junior Front-end Developer 2021.01 - 2022.02
Ninecode Company

- Contributed to building an online quiz platform ([ninequiz](#)) using React.js, implementing responsive UI components and state management logic under the guidance of senior developers.
- Assisted in daily development tasks including fixing bugs, optimizing performance, and adding new features to the quiz platform.

Fresher Front-end Developer 2020.01 - 2020.12
Vietsoft Company

- Applied React.js knowledge to build an e-commerce website for a nail salon client, implementing product listings, shopping cart functionality.
