ABOUT ME

I'm a front-end web developer based in Viet Nam. I'm focused on turning ideas into practical software, doing my best work when collaborating closely with founders, designers, and developers.

EXPERIENCE

Senior Software Developer
2022.03 - Current
Simpson Strong-tie Vietnam

- I have worked on numerous projects and have the ability to quickly adapt to new technologies, with hands-on experience in a wide range of libraries and frameworks such as Next.js, React, MUI, Shadcn, and React Bootstrap...
- I have excellent communication skills, allowing me to engage with stakeholders and coordinate with back-end developers, QA/QC teams, and business analysts to ensure seamless project delivery.
- I have a track record of releasing projects on time, ensuring high-quality standards and user satisfaction through thorough testing and iteration processes.
- I have a passion for continuous learning, regularly keeping up with the latest industry trends, emerging frameworks, and tools to bring innovative solutions to the projects I work on.
- I have a deep commitment to writing clean, maintainable code, adhering to best practices, design patterns, and ensuring scalability and easy handover in collaborative projects.

Junior Front-end Developer
2021.01 - 2022.02
Ninecode Company

- Build the education website (ninequiz) from scratch using React and related technologies such as MUI (Material-UI) and Redux...

Fresher Front-end Developer
2020.01 - 2020.12
Vietsoft Company

- Develop websites for businesses in the nail shop.
